I, Anthony D. Veach, being first duly sworn on oath, do hereby depose and say that:

I am a police officer for the City of Eugene, Lane County, Oregon, and have been so employed for twenty-seven years. I am currently assigned to the Violent Crimes Unit of the Investigation Section of the Eugene Police Department. I have been a detective investigating violent crimes for over fourteen years, and have received experience and training in the investigation of criminal stalking.

I am currently the lead investigator in the alleged stalking of Portland-based attorney Leah Lively and others within her law firm by Eugene resident Andrew Glenn Clark.

On 06/05/13, I spoke with Portland-based attorney Steven Seymour. Seymour had initially contacted the City of Eugene Prosecutor's Office to assist in providing him with a Eugene Police Department contact with which to make a police report. Steven Seymour's law firm, Samuels Yoelin Kantor, had been retained by the law firm Ogletree Deakins Nash Smoak and Stewart (PC) to represent their law firm and their employed

attorneys in regard to repeated unwanted contact from a disgruntled Eugene resident identified as Andrew Glen Clark.

According to Seymour, attorneys from the Portland office of Ogletree Deakins (et al) had previously been retained by Wells Fargo Bank to defend a Bureau of Labor complaint brought by former Wells Fargo employee Andrew Clark. Additionally, Ogletree Deakins represented Wells Fargo Bank in a later federal complaint for injunctive relief against Andrew Clark for having posted confidential information about Wells Fargo customers on his (Clark's) internet website. Ogletree Deakins was successful in both the labor complaint brought by Clark and in the federal complaint against Clark. Since their successful litigation against Clark, the Portland office of Ogletree Deakins as well as several nationwide offices of the firm had received e-mails and faxes bearing Andrew Clark's name, address, and/or phone number, as well as his various internet websites. Although the e-mails and faxes numbered in the thousands, there were no less than ten occasions when Clark made unwanted contact that was perceived as threatening and created significant apprehension amongst employees and representatives of Ogletree Deakins. The content of the communication was of such a tone that employees feared for their personal safety should Clark act out on his anger. The repeated contacts were unwanted and unsolicited.

Steven Seymour provided me with a summary of the history as well as copies of e-mails and faxes that were particularly alarming for employees of Ogletree Deakins. Seymour's summary and copies of the documents are attached hereto and by this reference incorporated herein and marked "Exhibit 1."

I have personally spoken with an attorney of the involved law firm, Leah Lively, and found that the repeated contacts have been unwanted, unsolicited, and have caused her significant apprehension regarding her personal safety. Many of the unsolicited e-mails and faxes were received on the fax machine at Leah Lively's office and were often focused upon her by name.

On 07/18/13, I contacted Andrew Clark at his home and spoke with him about the unwanted contact. Clark confirmed he had sent facsimiles to the involved attorneys' offices, but denied that any of the content could be construed as threatening. Clark admitted to having sent a recent fax to an Ogletree Deakins office in which he claimed that Leah Lively as well as her husband would "fry" for initiating police involvement. Clark denied that this could reasonably be construed as a threat. Clark further said that it was the responsibility of Leah Lively and other concerned attorneys to block his phone number on their fax machines so as not to receive his correspondence. Clark readily spoke of his anger with the involved law firm as well as Leah Lively. Before parting ways with Clark, I specifically told him that any further contact with the attorneys or offices was unwanted. I told him that he was prohibited from such personal communication, email, or fax communication, or attempts to communicate through a third-party unless it was through an attorney he might retain. Following my contact with Andrew Clark, I spoke further with attorney Steven Seymour. Seymour told me that he would immediately be sending Clark a certified letter, further prohibiting him from contact with the offices of Ogletree Deakins.

On 07/22/13, I was forwarded a fax received at the Portland office of Ogletree Deakins in further violation of the prohibition. The fax was received at the Portland

office of attorney Leah Lively on 07/22/13 at 2:19 p.m. The fax listed Clark's address in the heading and went on to describe a recent visit by officers of the Eugene Police Violent Crimes Unit. Further details in the fax were consistent with my contact with Andrew Clark, to include our discussion about his use of the word "fry" in a previous facsimile about Leah Lively. The fax went on to deride Leah Lively in graphic terms, such as, "Leah Lively is a sick anal crack whore worm with AIDS and Ebola but for some reason, whenever filth-face shithead twat, wasted, pointless bag of Portland meat Ms. Lively calls, cops can't jump fast enough."

The bulk of the correspondence listed the sender as Andrew Clark living at 3270 Stoney Ridge Road. Of those unwanted contacts made by e-mail, the sender was listed as having an e-mail address of mir99@comcast.net. That particular e-mail address was known to Ogletree Deakins as being the contact address for Andrew Glen Clark. Of those unwanted contacts made by electronic facsimile, the 'sending' imprint simply read the word, "Fax," and did not list an originating phone number.

The investigation was presented to the Lane County District Attorney's Office for review and potential prosecution. I also prepared an Affidavit of Probable Cause which was presented to Judge Ilisa Rooke-Ley on 07/25/13 in support of my request for an arrest warrant for Andrew Clark. Judge Rooke-Ley agreed that probable cause did in fact exist and issued an arrest warrant charging Clark with ten misdemeanor counts of Stalking.

Later on 07/25/13, I contacted Clark by telephone and he agreed to meet me at a nearby Albertson's store in order to be arrested for the outstanding warrant. I arrested Clark without incident and read to him his Miranda rights via a pre-printed card. While

transporting Clark to the Lane County jail, Clark and I spoke further about the electronic facsimiles he had sent to Ogletree Deakins. Clark denied having sent a fax to attorney Leah Lively after I had prohibited him from doing so. Clark offered to me the fact that he sent faxes through his internet connection and suggested I could check his internet records to confirm that he had not sent a fax after the prohibition. I showed Clark a copy of the facsimile sent to Leah Lively's office on 07/22/13 and he then conceded that he must have inadvertently sent the fax to her office. He denied having done so intentionally and surmised that Lively's fax number must have remained in the large block of numbers that he would send his faxes to. Clark maintained that it was the responsibility of those receiving the faxes to block his number if they did not want to receive his correspondence.

Based upon my training and experience, I know written documents are oftentimes created on a personal computer and may be stored on the internal hard drive of the computer, on removable memory devices such as external hard drives, thumbdrives and flash memory cards, and on compact discs. Such documents may then be e-mailed, faxed, or otherwise electronically transmitted from one computer to another computer or electronic facsimile machine. This is commonly accomplished by use of the internet, cell phone data plans, or by landline telephone. I also know that personal computers may be paired with an electronic scanner capable of sending electronic facsimiles. Electronic facsimiles may also be transmitted by standalone facsimile machines.

I know that documents created upon and stored within the internal memory of a computer or upon removable memory devices can show state of mind; an element the State must prove. Those documents are also material and of substantial evidentiary value

in that they may be used to create a timeframe in which a crime was committed, to be compared to similar documents transmitted to and received by a victim, and to establish or corroborate contact between the victim and suspect. I further know that information regarding when a document was e-mailed, faxed, or otherwise electronically transmitted is often recorded and stored within the internal memory of a computer or computer/fax machine. This detailed information will often include the date, time, and the unique Internet Protocol address, e-mail address, or telephone number of the intended recipient. This information can be used to corroborate contact between the suspect and victim.

Based upon my training and experience, I know that a forensic computer examiner can examine a computer or a combination computer/facsimile machine for its contents. This includes an examination of the hard drive of the computer/facsimile machine, as well as any removable memory devices such as external hard drives, thumbdrives, flash drives or memory cards, and compact discs that contain information.

The information contained in the basic and expanded subscriber information of an individual utilizing an Internet provider is also important to establish the identity of the person having control of the unique Internet Protocol address. I know that Internet service providers such as Comcast can and do record as well as archive a subscriber's identifying information and this can be searched by name, by physical address, by an individual Internet Protocol address, or by an e-mail address. The identity of a perpetrator is also an element the state must prove.

I am aware of correspondence sent by attorneys for Ogletree Deakins to Andrew Clark during the litigation taking place in Federal Court in 2011. In a letter dated September 2, 2011, Ogletree Deakins attorney David Symes notified Andrew Clark that a

recent telephone conversation between Clark and an Ogletree Deakins receptionist was "abusive and threatening." Symes also mentioned faxes being sent by Clark and received at Ogletree Deakins offices. Symes advised Andrew Clark that he (Symes) would be the only person communicating with Clark on the matter from that point forward and further advising that it would only be in writing. In a second letter dated September 7, 2011, Ogletree Deakins attorney Christopher Mixon sent a similar letter to Andrew Clark, advising Clark that any further communication should go through attorney David Symes and should occur only in writing. Both letters were sent to Andrew Clark via e-mail and U.S. postal mail. I know that such documentation received by Andrew Clark is relevant in that it demonstrates that any future contact with Ogletree Deakins employees (other than through attorney David Symes) was unwelcomed.

I have personally contacted Andrew Glen Clark as recently as 07/25/13 at his residence of record; 3270 Stoney Ridge Road, Eugene, Lane County, Oregon. The residential address can further be described as a three-story wood-framed structure on the south side of Stoney Ridge Road and facing north, grey with green-grey trim, the numbers 3270 on the exterior of the garage and situated to the left of the easternmost garage door.

Wherefore, your affiant has probable cause to believe, and does believe that evidence of the crime of Stalking, to wit: personal computers, combination computers/electronic facsimile machines, standalone electronic facsimile machines, and removable memory storage devices in the form of external hard drives, thumbdrives, flashdrives, memory cards, and compact discs, and printed correspondence between

Ogletree Deakins Nash Smoak & Stewart, PC

RE: Threats by Andrew G. Clark

1. Nature of Concern

For over a year, Andrew Clark has been using telecommunications to threaten the law firm, Ogletree Deakins Nash Smoak & Stewart, PC (hereinafter "Ogletree") and certain of its attorneys and staff. These threatening communications have triggered a fear of imminent personal violence by Clark.

Ogletree seeks relief in the form of a stalking protective order against Clark prohibiting him from communicating at all with Ogletree or any of its offices or attorneys or staff.

2. Background

Clark (55) is a former employee of Wells Fargo. He was hired in September 2009 as a home loan officer in Eugene, Oregon.

In about April 2011, Clark began exhibiting signs of erratic behavior. At that time, he was disciplined by Wells Fargo for unprofessional conduct in the workplace.

In May 2011, Clark filed a Department of Labor complaint¹ against Wells Fargo for alleged violation of the Sarbanes-Oxley Act. Ogletree was hired by Wells Fargo to defend that complaint.

Clark's erratic behavior continued. He was disciplined on June 2, 2011, for workplace behavior (altercation with his supervisor) and was terminated on June 28, 2011.

In July 2011, Clark was cited for trespass at his former place of employment.

¹ Clark's claim was filed under Section 806 of the Corporate and Criminal Fraud Accountability Act of 2002, Title VII of the Sarbanes-Oxley Act of 2002, 18 U.S.C. § 1514A, and the implementing regulations found at 29 C.F.R. § 1980.

In August 2011, Wells Fargo learned that Clark was posting confidential Wells Fargo customer information on his public website. His refusal to remove that confidential information led to Ogletree filing a complaint for injunctive relief in federal court on the behalf of Wells Fargo. The lawsuit sought a temporary restraining order, preliminary injunction and permanent injunction. Ogletree was successful in obtaining a temporary restraining order and preliminary injunction requiring Clark to remove the confidential client information, which he eventually did.

During the litigation, Clark, appearing pro se, engaged in a pattern of offensive, obscene, sometimes lurid, and often hostile communications with Ogletree and their client, Wells Fargo. Some of these communications were styled as "pleadings" and many of them were direct communications to the Ogletree attorneys and staff.²

The DOL case was dismissed on August 9, 2012 on Wells Fargo's Motion for Summary Decision. The federal case was resolved in Wells Fargo's favor on its motion for summary judgment on October 5, 2012. In that case, Judge Hogan issued a permanent injunction prohibiting Clark from posting confidential client material on his public website, and found Clark in contempt, based on his inappropriate communications.

Resolution of these cases did not, however, abate Clark's deluge of offensive and threatening communications to Ogletree and its attorneys. Clark's communications have continued on an almost daily basis through the present. And, the tone and content appear to be growing more aggressive.

Clark sends these communications, not only to Ogletree's Portland office, but also to several of their offices around the United States. These communications have also been sent to random attorneys in Oregon and other states and to the Oregon State Bar.

There is no reason to believe that these communications will cease without judicial intervention.

3. Grounds for a Stalking Protective Order Pursuant to ORS 163.730-163.750

Ogletree seeks to initiate an action seeking a citation pursuant to ORS 163.744. That statute provides that, "A person may initiate an action seeking a citation under ORS 163.735 by presenting a complaint to a law enforcement officer or to any law enforcement agency." Ogletree is such a "person" pursuant to ORS 60.077(2) and 58.045(1). ORS 163.744 provides that the Department of State Police shall develop a standard form of such complaint.

² As an example of Clark's pleadings, his "objections" to the findings in the Department of Labor case include the following points:

- "Bottom line is this DOL: go fuck yourself right in your [a]sshole. Your women really need to [d]iscover their clitoris. Most of your men most likely have been neutered, either by castration or Paxil you bunch of fucking pill heads. Your kind sicken all."
- "Please let me advise you in advance of plans to Massively Defame all of YOU. . . You and your Family (all of them once I pull all public records of all of you for the last couple generations and send special video to church, family, affiliations."

"DEFAMING AND FUCKING PEOPLE OVER IS FUN, I CAN'T BELIEVE I DID NOT KNOW THIS."

The evidence is sufficient to establish that Clark has engaged in repeated and unwanted contact with Ogletree which is causing Ogletree, and its attorneys and staff, reasonable apprehension regarding the personal safety of the Ogletree attorneys and staff. That evidence consists, in material part, of the following written communications, which are attached as Exhibits 1 through 23:

1. Undated fax which reads in part:

"ATTORNEY OGLETREE DEAKINS: CHILD RAPISTS.
CHILD KILLERS. Your Child is NEXT."

2. Email dated March 8, 2012 10:56 a.m. which reads in part:

3. Email dated June 20, 2012 1:06 a.m. which reads in part:

"You are abject criminals of the very most obvious sort. I am not talking about "torts" . . . you are Criminals. Your action is SLAPP and it is tandem to RICO. And then YOUR FIRM tries to BURN ME MORE? Bring it ON, Ms. Lively. . . Bring it On if that is what YOU want."

4. Email dated August 2, 2012 6:30 p.m. which reads in part:

"You freaks are going down. There will be nothing left. You will be living in tents eating bugs for what you did. Ms. Lively: get ready for buying clothing at Salvation Army Counters after the 5 year stretch."

6. Fax dated 9/26/2012 12:21 p.m. which reads in part:

a Crime Against Humanity without Apocalyptic Response. Now I

am impoverished by Wells Fargo, they refuse to politely Settle the Matter and acted to destroy me utterly.”

7. Fax dated April 05, 2013 1:22 a.m. which reads in part:

The local judges will be shipped out on rail after tar and feathering. One of the sickest most disgusting blots on the planet is the used-tampon of a beast named Leah Lively who is a filthy stinking corporate whore with intellectual Ebola. She thinks she is pretty. She is Ghastly Ugly. Her ugliness inside is so horrific it ruins an otherwise decent looking woman. . . Bust them, impoverish them, put them on the streets . . . 8. Fax dated 4/13/2013 6:57 a.m. which reads in part:

10. Fax dated 4/20/2013 10:10 a.m. which reads in part:

11. Fax dated 4/21/2013 12:15 a.m. which reads in part:

"Ogletree Deakins Attorney are cheating fee-gouging Pus-Filled Anal Worms of Holocaust. They are expensive, know-nothing Gaping Legal Rectums Grunting Out Fecal Filings in Courts. Their boilerplate piles of random idiocy may impress others as stupid as them but it is treasonous Ebola-infected tripe from the Rotted Ogle Tree of Homicide. 13. Fax dated 4/24/13 8:15 a.m. which reads in part:

"Leah and Ogletree: There is a lot more to this meets the eye. This was among correspondence sent to Ms. Lively. 14. Fax dated 4/27/2013 10:00 a.m. which reads in part:

"Leah Lively, Ogletree Deakins Attorney are going to be Toasted. At a minimum they will be disbarred and shamed until they turn to dirt. More likely: life in prison or the death penalty. 15. Fax dated 4/27/2013 10:59 a.m. which reads in part:

"Ogletree Deakins and most attorney are fee-pretexting, fee-gouging Highwaymen of the lowest order. . . Let us make an

16. Fax dated 4/28/2013 4:17 p.m. which reads in part:

“Ogletree Deakins attorney are mean Faggots. . . They use time-tested “Child Rape Concealment Tactics” . . . Once you see it for what it is, you will want them put to death. It is that bad: what they do and coordinated for the “Bank” should subject them to the Death Penalty. It is such a novel, horrific crime that is appropriate. . . That allows speedy execution of the Perpetrators of Holocaust (Leah Lively and her cohorts). It allows them to be Hanged by the Neck Until Dead as we laugh but I think an Electric Chair would make better Youtube Art.” (Note Exhibits 17, 18, 19, 20 and 22 references to a Youtube video which includes an image of an actor suffering death on an electric chair)

17. Fax dated 5/6/2013 10:24 p.m. which reads in part:

“NEW MUSIC ART Tool: “Liars, Lawyers what’s the Difference” with Extremely BLOODY VAMPIRE Attorney Footage @ about 2 minutes until the end. Art Film depicts District Court, The Judge oozes Blood from its freshly bitten arm into the Female Attorney’s Mouth. Another Female Attorney is smearing Blood all over herself in open COURT wearing almost nothing. . .

Dear Ms. Lively: . . .

Nobody wants to think of a really good looking woman as a Felon subject to Life in Prison or the Death Penalty but that is your new reality.” (See Exhibit 22 which links to the referenced video.)

19. Fax dated 5/7/2013 9:38 a.m. which reads in part:

“Art Film depicts District Court. The Judge oozes Blood from its freshly bitten arm into the Female Attorney’s Mouth. Another Female Attorney is smearing Blood all over herself in open COURT wearing almost nothing. . .

Dear Ms. Lively: . . .

The simplest solution is usually correct. If you did that, it is my opinion that Specific act of Genocide for economic/political reasons tied into the Kidnapping, Concealment, and the arguably-treasonous violation of Dodd Frank/SOX in context with my Wells Fargo India Solutions reporting is what propels this matter into something so criminal, so novel, that it will require application of the Death Penalty on a Liberal Basis."

20. Fax dated 5/8/2013 7:27 a.m. which reads in part:

"Art Film depicts District Court. The Judge oozes Blood from its freshly bitten arm into the Female Attorney's Mouth. Another Female Attorney is smearing Blood over herself in open COURT wearing a swimsuit. . .

Ms. Leah Lively Attorney Ogletree Deakins . . .

I think Attorney REALLY screwed up. Let's compound it with an Act of Genocide to Retaliate. . . Leah Lively: Literally this-if you personally coordinated this by calling up security at Wells Fargo Bank in Portland to mess with mortgage biz in Eugene and then take my family away, you will be Dealt the Death Penalty if possible under the Law for your disgusting, treasonous, sickening coordinated act of Holocaust. Disbarment is going to happen. You appear to be the worst type of Bank Robber, Kidnapper, and Manipulator. You are a blight upon the entire human race the likes never before seen if you actually did what it seems that you did."

21. Fax dated 5/9/2013 5:33 p.m. which reads in part:

"URGENT UPDATE LEAH LIVELY/OGLETREE DEAKINS

22. Email dated May 17, 2013 7:32 p.m. Subject: Andrew Clark dead at Albertson's Supermarket. http://www.youtube.com/watch?v=_Vb--OfEYwQ:) This video is referenced in Exhibits 17, 18, 19, 20 and 21 and shows the scenes referenced in those Exhibits. Screen shots of those scenes are attached to Exhibit 22.

23. Fax dated 5/23/2013 1:22 p.m. which reads in part:

“Ogletree Deakins attorney Leah Lively . . . caused a police and SLAPP action against me. . . . I have no option and in fact have the obligation to return in spades what Oppressors deal out . . . until a victim’s last breath. As I have written and said hundreds of times during the corporation/community anti-Sementic profiling and cleansing . . . Never Again. This Jew will not go quietly. I will scream loudly, clearly, daily . . . and I will make sure to bring as many of my oppressors with me to the same legal graveyard of ghettoization and defaming . . . endless lawsuits against you and your companies and massive negative publicity. Endless ‘smearing.’ . . . The innocent-but-rich executives will be “perp-walked and then sent to prison.”

Another uncommon feature of Clark’s campaign is its sheer volume. The communications with the more threatening aspects are outlined above. However, over the course of this campaign, Clark has sent over 2,500 communications to Ogletree and other third parties. This overwhelming barrage is intimidating if only because of the energy and intensity required to provide it.

4. Conclusion

Ogletree has justifiable concerns that, unless abated, Clark’s fury will undoubtedly result in violence in the workplace without warning.

Meet me in a SWAT car arranged by Ogletree Deakins Employment Law
Then they sued me in District Court over stuff they did not understand.
The Client... Wells Fargo Bank... Did not authorize the "Emergency" District Court filing.
Ogletree Deakins Stupidity Is Epic and Treasonous and...
They corrupt all via the Bar Association groups and informal affiliations. It is rather obvious
in the RESULTS of their 'work'. Wells Fargo & Company is a VICTIM. Read my historic
8.22.11 Motions and Dist. Court Testimony. Trust this: you never saw anything like it.

Wells Fargo & Ogletree Deakins: Concealment using Genocide

They used Attorney Gerry "Genocide" Gaydos for frantic family
removal hearing heard on court audio posted to Kill Employee
www.youtube.com/user/fightfeces or linked on my CaseSite:

www.RisePatriot.com (backed up on www.osunrise.com) WELLS FARGO
ATTORNEY OGLETREE DEAKINS: CHILD RAPISTS. CHILD KILLERS. Your Child is NEXT.
Ogletree Deakins must be Immolated. Wells Fargo Attorney must be Tried and Executed.

My Fragile-X affected ex-wife was, as I understand it, told the hearing was
necessary. You can hear her on the audio, she had no valid reason to be there.
There is system called OPUS. If it is compared with sealed records, police action,
telephone/email records, financial records.... You will find an Unimaginable
Problem in the "family courts". Systematic Crushing of parents, snatching of kids.

Mass, Organized, Deliberate Rape of Children via Foster Care
Placement, while crushing the mother. You cannot forcibly remove a
child from a mother for even an hour but they do...all the time. Hear it.

Result? Rape. Rape of the mother via coercion to get the kid back
sometimes. Mostly just child rape of various types. Gerry "Genocide"
Gaydos coordinates a Mass Child Rape and Sexual Slavery Operation...
go ASK him WHO "put the word out on me". They Must ALL Hang.

What they did to me and my family requires their Exposure and Legal Elimination. They commit Genocide.
They made up their own laws to allow it. It is THAT bad. Andy Clark 3270 Stoney Ridge Rd. 97405 541.510.3915

Subject: What the Hell is wrong with you people?

I realize I gathered and presented proof that your entire system was used against me, including the police conspiracy that was considered 'crazy' by a District Court judge who actually just signed the writing of David Symes (in my opinion, of course). Because of your non-response I will now begin other legal avenues. You will be astounded with what is coming down the road at each of you professionally. You are all derelict in your duty. Massively derelict and you must pay the price.

Amazing how fast you can send your "police" after the citizen. Amazing how you deny it and even control the media. As mentioned, that will not be accepted so a far more aggressive legal strategy will be implemented. The longer you all do nothing, the more implicated you are.

Jury of citizens will be Hell for all of you. The citizens are fed up with every government worker doing NOTHING but pushing some button to call "police" when someone gets upset about being badly mistreated. Your inhumanity in this case is a very sad reflection on the value of YOUR life and YOUR family. Basically: so far you all have proven yourself either worthless or dangerous.

It is possible that is just my perception. Perhaps something to redress this massive defaming by Wells Fargo and City of Eugene/Lane County...aided by the District Court manipulated by a Wells Fargo Portland atty.

You leave me here hanging up to dry, no job, defamed. Strung out in family court. Where do you THINK this is going? How do you think YOU are going to come out of this? I hope what you did to me happens to you or your kids. I really do so you can FEEL it. But... I will do all I can to ensure you feel it. You will suffer as you made me. You are all sick animals and you must all be dealt what you dealt to me. You are all worthless...individually and collectively based upon what you obviously did to me and continue to conceal. Thank you from Andy Clark as identified.

After viewing that, if you have not already view my police car ride in july..hear ME:

Consider now the level of emotional control I have and was able to get on court transcript and into the recollection of security guard witnesses. That was needed to record on an emotional level the court itself...very hard to do without a/v but I did it and it shows the entire system is based on emotional pretexting from Day 1 all the way to the end. Emotion control has replaced evidence in our courts, as proven. Thank you from Andy Clark as identified and well known by now I am sure,

Subject: Motions for District Court

Due to the below described Court Manipulation, I see no choice but to clean up and reinstate my previous Motions and move for full discovery and trials. I have already approached Congressman DeFazio about Congressional Hearings. If he won't help, he will not be re-elected. Somebody else will. Somebody who cares about people over giant law firms.

The Actions of OgleTree Deakins caused it. It is not Wells Fargo. It is not Stagecoach. It is not what Chairman Stumpf wanted. You people better get his training video from last year. A direct ORDER from Chairman Stumpf supersedes the written policy. You also forgot the over-riding Policy of Wells Fargo: do what is in the best interest of WELLS FARGO. You did not bring that into Court but I will. You will Pay for your Malpractice in the most total way the legal system provides. Wells Fargo does NOT want a fleet of attorneys who Batter Humans, defame, and attempt to murder them by destabilizing their health. When Johnny finds out, y'all are Toast. Because U cheated on me, now he must. It seems clear you are trying to hide what YOUR FIRM did because you know they will cut bait on your contract in a HEARTBEAT. Watch how fast they dump you. You feed their low-level attorney garbage they Pay to Trust. They see what they get for all that \$\$\$ now. Exposure to Risk. RICO. Kidnapping. Battery by Process. Genocide and Holocaust via your interference in Circuit Court. You pulled out all the stops, called in all your favors. And you cheated me. That is why I was not big on mediation with you. As noted in court testimony...I don't trust you. You are abject criminals of the very most obvious sort. I am not talking about "torts"...you are Criminals. Your action is SLAPP and it is tandem to RICO. And then YOUR FIRM tries to BURN ME MORE? Bring it ON, Ms. Lively...Bring it On if that is what YOU want.

When I was called to Court December 21, 2011 on your Contempt that had only to do with YOUR EMOTIONS..... that was a new low in American Justice. You controlled the Court via your portraying me as 'violent' or 'crazy' while portraying yourself as a poor, defenseless, offended woman. You are an Attorney. An extraordinarily criminal and rude attorney who uses sexual control over others, including most likely Bruce Newton...who rushed to the defense of the Damsel in Distress. It is NOT a Brothel Operation. It is NOT a nursery. It is a BANK. It is SERIOUS BUSINESS. Your firm is a sad, sick joke.

I do not owe you people any particular style of communications. You used the Court in attempts to hide and conceal your own gigantic mistakes. Wells Fargo won't like it. Not one bit.

Thank you again, from Andy Clark

I will start with the certified mailings to their external board. It is very apparent they don't know what y'all did to me. Best just to tell them. You do that and we can still be friends, once your nasty biz is through. Thank you from Andy Clark.

Subject: The OSHA case.....

Ms. Lively: I completed my first review of that box you sent.

The tactic your Law Firm uses is Pure Boilerplate. If you look back to early August 2011 right after the Company directed SWAT Kidnapping (proven on www.RisePatriot.com), your firm managed to "create" approximately 1,000 pages of "legal material" within a week or so. That indicates Boilerplate. Legal material that SLAPPS together every possible combination of nonsense your computerized law routine was able to belch out. I

systematically tore it apart and placed it as evidence in the Ninth District Court. It will be Heard as your firm is acting in Contempt of the Mediation process. Absolute stunning contempt, Ms. Lively.

After that, your tactic appears to be emotional posturing that is libel and defaming. You and your firm are NOT competent to litigate Dodd-Frank and Banking matters. Your activities bring Shame to your profession and your Client. Your firm is selling its clients inhumane Stalinist methodology that lacks any form of enlightenment. You sell Death and Misery to American Companies, beating up employees over nothing in courts. For money. Your clients don't want what you do. You will find that out... They will be shocked at what your firm did and tried to conceal with Process.

Your duplicity with regard to mediation is astounding and very obvious contempt of court. Your motions are nothing more than heresay and faxes you collected from somewhere/ someone LONG after employment termination. They have no relevance to retaliation while employed. The Judges do not yet 'get' that. Past employment, nobody owes you any particular form of courtesy. You don't deserve it. You ignored polite correspondence a long time ago.

Instead you focused on the lurid. You understand the tendency of Courts and juries to "find Guilt in Proxy". It will not work. You and your Client have dishonored our Courts and are using them to crush the Truth. It will not work, Ms. Lively. This time the facts are very clear that you and your Client have been massively retaliating using SWAT Kidnapping and battery by process... tying my up in ALL courts at once.

It is pretty obvious to anyone. I have noticed the Court's tendency to overlook actual evidence because they THINK they know you. They found out the 'real you' on May 8, 2012 when you offered sweetly to mediate and then scolded the judge for not approving Motion 78. I will obviously appeal and counterclaim again in the district court.... you made your tactics obvious and proved what your delaying actions indicated: no intention to honestly mediate because then Wells Fargo finds out how incompetent their Counsel is when it comes to ACTUAL, SERIOUS BANKING, as established by Legislation Dodd-Frank. Clear as can be.

Thank you, From Andy Clark as known.

Subject: Pizza Invitation for Wells Fargo

Once again, I am tidying up my home and having ingredients ready should anyone from Wells Fargo want to discuss this in a business sense.

The executives are very insulated. For example, Avid M. (the one I love) had at least 10 staff and those staff had staff... all to ensure she never got the actual story.

Wells Fargo India Solutions (et al) had/has gigantic server farms that appear to store/stored images of USA citizen's most detailed financial records needed for loans. Again: that was more than evidenced by the CORE/ELF mess AND the flurry of nationwide ATM outages about a year ago due to the RMS breach. Reported long ago, that was the crux of the original DOL retaliation-while-employed.

I actually did speak with Avid M. while she was in Europe. I actually was asked to get the material to her assistant. I actually did NOT do that because her assistant was Chinese and I could not google her (that is good banking caution. Sorry if you do not understand that. I love Chinese and China. Moreover: I Respect China and Chinese deeply and sincerely.

They actually did 'roll' her and put some other shill in her place. They rolled a lot of the long-time upper management who I claim are shills. Howard Atkins? Found out about him way into it. I had NO idea who he was or did until an email in May 2011 to him got returned.

I was googling all the upper management changes that were oh-so-sudden and the news articles came right up, there were a lot more a year ago because it was fresh news.

I am a trained CPA, non-practicing. I passed the exam, all 4 parts, in ONE sitting. It is considered by most people to be far harder than the Bar Exam.

The concept of them dumping Atkins and making him beg for his pay and then sticking Sloan in there who signed right away and got bonus.... come on. Please. That is Red Flag given all the actual EVIDENCE. REAL. NOT fake. NOT imagined. NOT those people who go to internet and get fooled by false cues and scams.

It was apparent early-on that is how you viewed it so.... I played along. Your frantic game was so amusing to you that I had no choice but to make you happy! I noticed you cherry-picked all the stuff I sent you. It was amazing how you would pick out irrelevant garbage sandwiched between actual fact and run with it.

One of my favorites is the Securitas-Google/Wiki crap that I set as BAIT for YOU and you fell for it along with most of the other BAIT. You wrote in the District Court findings essentially that it was ..crazy...

Don't U get it? Securitas employed the guy who did the fake 911 call. He is heard on dispatch a/v. Securitas is the AGENT of Wells Fargo by contract. Don't you see how STUPID your interpretation is now? You tried to defame it because it looked like the CRAP most people print off the 'net and it WAS DELIBERATELY. It is irrelevant due to the agency-relationship.

Do you get even THAT little tiny FACT? You negate your own work by focusing on the irrelevant and ignoring the obvious over-riding fact of the agency relationship and how there was clear communication of intent that is apparent to the common person. It is so 'Nursery School' of you, holding up garbage from Wiki while ignoring the most obvious, clear, solid, irrefutable fact of the agency relation and the falsified 911 call.

Another thing: you and yours appear to be of the mindset "Andy hasn't proven anything".

That is because you are used to control and are still in denial. You are not accustomed to an employee being so far smarter than you in every possible way yet still being Kind to you... benevolent in a sense as you are still learning maybe.

Your legal knowledge is non-existent. Your only skill is the manipulation of justice using boilerplate, emotional control of the courts, guilt-in-proxy...etc. It's Over Now. You may want to google or wiki how Herman Goering was able to solve a similar problem in a most dignified fashion. I only say that to 'dig' at the police. Listen to them in my HOUSE asking me if I want to commit suicide. They were standing. They made me sit in a corner in my own house as they asked those questions, looked around, usually with their hand on their fukn guns.

You freaks are going down. There will be nothing left. You will be living in tents eating bugs for what you did. Ms. Lively: get ready for buying clothing at Salvation Army Counters after the 5 year stretch.

As noted: you really need to get Wells Fargo up here to discuss this and figure out what is reasonable on an honest basis. I understand how you attorneys get a BIG part of any "settlement" and you don't want to be cut out but this is banking. It is for adults...big people. Tricks are for kids, not Bankers.

The intimate detail of the Wachovia portfolio might Fascinate. FBI parked. Go look at those 50 questions... i put #36 and a couple others in there because I knew that is all you looked for. How predictable, Ms. Cal Poly.

Such is the War of the Apocalypse. I told you: RAND Parents. Strat Ops...blah blah, all true.

Subject: Mortgage Originator Licensure/Registrant

You are (soon past tense) attorneys with a LICENSE. Imagine if you did your job and your company ran you through all this, including SWAT kidnapping. And... all the while nobody even realized you were actually a licensed worker.

I was a Mortgage Originator with a LICENSE (Registrant of a Licensee, Wells Fargo Home Mortgage). A tiny part of the horror unfolding is how Wells Fargo must LOSE their master license or at least have it heavily restricted. That is coming. The DEVIL... and I mean SATAN ARISING FROM THE DARKEST HOTTEST DEPTHS OF HECK are in the DETAILS that you did not understand so... YOU CALLED THEM CRAZY. Good Job, High-5 to you.

Your actions were not appropriate for the LICENSED WORKER. It was fairly new legislation. Your boilerplate packages have not been updated for a long time. Someone somewhere just adds to the garbage and you just push "print".

I once again note: you had and likely have no idea whatsoever the scope of your disaster. Just this one point is VITAL for you to understand in case Wells Fargo wants to honestly talk about all this and properly compensate me for what they did to me.

Wells Fargo India Solutions. It is/was all REAL. The CORE/ELF mortgage origination system was being built and rolled out from India. It is/was a very broken software application. ELF is the imaging system. It was down for six weeks and nobody noticed until it was reported by a Eugene Oregon Loan Processor. There were no interactive help or error reporting screens. That is not how software is created rolled out.

That lead to careful study of the resumes of the various workers and positions at Wells Fargo India Solutions. As this was going on, the company laptop activated an icon from Wells Fargo India Solutions at my home at night on/near June 2, 2011. That was reported and counteracted in a way you may now understand was necessary.

So: The Matters of India are real and directly related to my job function. I had to bring that to FBI as well. There is a lot that will be coming out regarding Wells Fargo. They were CIA reported via the Hyderabad State Department office which is how material (nominally) gets to CIA in a given station. I realize that sounds INSANE to you. Go ask somebody who actually knows or, google it. Purpose? Evidence parking. CIA, FBI, etc... parking lots for my later defense if,... I am horribly RIGHT which given their actions... seems I was.

China: I will let that go for now. I think you may already have gotten the drift.

There is absolutely nothing any of us can do to prevent the Truth from coming out. What YOU and WELLS FARGO can do is realize that by acting intelligently (now that you have to), Progress can be made.

I just today received the sheriff sale nonsense for my house. It is clearly linked. Whether or not you communicated...and you did.... matters not as you each were aware and Mr. Newton acted in tandem and with prejudice in absence of need of his client. \$5,500 per month, no job, no hearing? You must all be kidding yourselves.

Ms. Lively: as you may be aware by now, I predicted and counteracted best I could.

Mr. Newton, I will prepare an Array that will Dazzle. I am crossfiling to federal court.

The way you have the circuit court schedule arranged...really sudden hearing... is criminal. There is no history of this outside Nazi Germany etc. 2 weeks and you want my HOUSE while your little buddy in portland screws me in all the other courts?

YOU WILL RECEIVE CERTIFIED MAILING OF JOINDER ALONG WITH YOUR CLIENT AMY CLARK. IT WILL BE MAILED WITHIN 48 HOURS AS SOON AS I CAN PREPARE IT AND SUBMIT TO THE FED COURT. I WILL CROSS FILE IT ALL IN THE CIRCUIT COURT ALONG WITH COUNTCLAIMS AND THE START OF A MESSY

LAWSUIT.

MATT BROMLEY RAPED MAY DAUGHTER IN THE FAMILY HOME REPEATEDLY. That of course is worse case but knowing Matt Bromley and what I was told by Amelia in pain and fright....it happened. Best look into the rape of Amelia Clark at the Friendly Street Clark Property by Matt Bromley, son of Bill Bromley.

You all have been sanctioned before for that type of stuff. Time to shut down your operations.

4.4.13, Hate-O-Gram ☺ Multnomah County, City of Portland

Charges Against Portland Attorneys Leah Lively, David Symes and Wells Fargo Security Agent Martin Ogno.

It is possible Leah Lively's husband was involved. Forensic tracing of all phone calls, all money, all their meetings, all their expenses is needed....just as you would do with lessor and less dangerous criminals you must do for them. They demonstrated they are a clear and present danger to society.

See attached reports to DOL, CIA, FBI, and SEC. There are many more to be filed. Multnomah/Portland better get its collective head out of its ass and go arrest Leah Lively and Martin Ogno. The evidence I present and is enclosed is far more than what is used to imprison a normal citizen. Your inaction makes you culpable and you will also be tried, sued, etc. They made up charges against me, police came. These are real charges. Fry them NOW.

Charges they are guilty of: Kidnapping. Concealment of Kidnapping, Obstruction of Justice, Perjury, Contempt of Court, Theft of Services from Federal Government, Waste of the Public Resource, Battery via Malicious Prosecution, Felony Violations of Sarbanes-Oxley, Entrapment using faxes, and finally...

They aided an Act of Holocaust. What happened to my retarded offspring with the guardian removal is an act of Genocide in context. They knew in advance what they were doing. They must be punished to the maximum extent possible under any and all tribunals including a Nuremberg Action directed by the World Court which mandates the Death Sentence for the participants after the Proceeding. You think I am joking? I am not. Wells Fargo makes it right or every trace of every person and contractor they deal with will be legally taken down one at a time. Serious: going to World Court and UN. It is already at some Agencies. It will be at all of them and then in every court against all of you. Just like you did to AARON SWARTZ. JUST LIKE YOU DID TO ME YOU FILTHY MURDERERS.

They are the worst of the many anal worms who attacked me. They go first. It will taken down to the level of the process server. The Bar Association is going to be decertified. The local Judges will be shipped out on rail after tar and feathering. One of the sickest most disgusting blots on the planet is the used-tampon of a beast named Leah Lively who is a filthy stinking corporate whore with Intellectual Ebola. She thinks she is pretty. She is Ghastly Ugly. Her ugliness inside is so horrific it ruins an otherwise decent looking woman: The entire judicial system in this town is Callgula. Bust them, Impoverish them, put them on the streets: good enough for Andy its good enough for Them. I will start all-out-legal-war shortly due to necessity. They Ghettoized me which is part of Holocaust.

Thank you, with due outrage for circumstance. If you would like to stop by my house to talk over tea, that would be cool. I don't really hate you. I hate all of you equally until you TURN THIS AROUND ON THE PERPETRATORS. MAKE THEM SETTLE, SEND THEM A LARGE BILL FOR FUCKING WITH CITY OF EUGENE, THANK YOU I AM CERTAIN.

From Andy Clark as must by now be known. ☺

www.RisePatriot.com (might want to check the site out now) ... They will decertify Eugene and give it to Springfield, what a crock of shit the police and courts really are... as proven on their own audio. They are ghastly anal worms. Sickest people on the planet. ☺ Case proven and posted....better than your idiotic police could ever do. They suck too, all a bunch of perverted sex fiends who freely rape the entire population just as they did me. ☺ Literally: they freely set up women for rape via coercion and even have contests, that is why one actually made it to jail a couple years ago. How about the evidence locker in Eugene? They tried planting evidence in my HOUSE... There is no end to what is coming at them. They will feel fully what they deal out, so will their management and leaders. Wells Fargo is Walking Dead. Andy Clark 3270 Stoney Ridge Road Eugene OR 97405 541.510.3915

Subject: Questions for Ogletree Deakins re: civil 6:11.cv.6248-ho (SLAPP Activity Tandem to RICO FBI charged)
- Re: Ogletree Deakins Attorney **Leah Lively**. Exchange of Sexual Intercourse as Favor for Court Outcomes

My Motions of Criminal Activity Investigation/Remediation continue in advance of the Tsunami of Civil Litigation that will soon Flood All Venues Comprehensible. This one will be submitted next week along with detailed reporting of Wells Fargo India Solutions and links to China (HSBC) and an entity called: Shanghai Commercial.

I am curious: when Ogletree Deakins incompetently and maliciously placed me into court in order to pump legal fees from Plaintiff and to conceal the crime of kidnapping for them.... the case was originally assigned to Judge Coffin. For no apparent reason, it was placed with Judge Hogan (retired) who happened to be a Bush Administration Appointee with close ties to some of the interests in the below Motions. Notice my motions are simple and factual unlike Ogletree Deakins Expensive Fee-Gouging Fee-Pretext Legal Fecal Filings. I created an online Law Firm for you to join, it is Orwellian and is run by a Cat and Dog: www.LAWDoggieMcStyle.com. It is non-sexual but you will notice a startling resemblance to the structure and philosophy of Ogletree Deakins.

I would like the Legal Hindsight of Ogletree Deakins to help me understand that movement. It appeared your attorney Leah Lively had a very close relationship with the Judge and was allowed into his Chambers for Discussion and other Legal Intercourse without Defendant Pro Se present if I am interpreting the PACER record correctly. I must assume the most logical conclusion based upon known fact:

Leah Lively traded sexual favors for court outcomes. Honestly: that is what it appeared to be, I can think of no other reason for such non-judicial Legal Intercourse. It could be easily traced via system forensics but moreover: testimony of the judge's guards, etc. That seems imperative given the proven Act of Holocaust within Structure of Holocaust, obstruction of justice, RICO involvement, SLAPP, Concealment of Kidnapping, Violation of SOX. Again: not accusing of course like they did to me. They made up their charges from zero. Mine have basis in fact or at least logic that the common man would see plausible. Just pointing out what makes sense given how Leah Lively (Ogletree "attorney") was able to get whatever she wanted from the court anytime she wanted, including the 12.21.11 Hearing unrelated to Plaintiff "Christmas Gift to Leah Lively", Legal Probing Time.

Your case against me was bogus boilerplate Maximus. Not one word in it made sense or was true. Your pathetic, tired boilerplate Motions and submissions were nothing but Cherry-Picked Tripe directly from the butt of Ogletree. The legal citations used by Ogletree are hysterical.... They actually cited "Nixon v. Time Warner" and "Red Cab Company v. Chicago Indemnity, a 1930's case that totally lacked any relationship whatsoever to anything. It as if a random case generator vomited the Legal Fecal Filings. They totally ignored evidence and concepts like ZERO REASON, The Pickering Test, or Dodd-Frank, SOX, Safe Mortgage Originator Mandates.

As I am not hearing from anyone, I must now ramp up neutralization of legal opposition forces. There is no doubt in my mind all Attorney at Ogletree Deakins with CLIENTS will be finding another place to work within 30 days leaving the rest stuck with all the bills and no income and you and your families will possibly die on the streets. That is what you wanted for me. That is what shall be delivered to you and all who did Wrong to Me. What you dished out will be served Cold and in Spades and Beyond Comprehension. Thank you again for your consideration and I look forward to resolving this matter for Mutual Progress. Andy Clark. 3270 Stoney Ridge Rd. United States District Court

v.

Defendant

Case Number 11-cv-6248-HO

EMERGENCY HEARING AND ACTION NECESSARY

Affidavit and Motion to Augment Record.

**Wells Fargo & Co. Participation in Mass Death of Children and Families
in Food-Marginal Populations via Effects of United States Ethanol
Program Financed by Wells Fargo et al as Described.**

Motion to Remand to Congress for Hearing

Motion to Remand to Dept. of Justice: anti-Cartel, "RICO" Prosecution

Motion to Remand to United Nations/ World Courts (draft filing)

Comes this day April 12, 2013 I, Andrew Clark with Affidavit and Motion as Presented Above. I was employed by Wells Fargo Home Mortgage. While employed I evidence-parked in person with local FBI as described in detail on the attached material matters of local sales system fraud, etc. (discussion draft document as of 4.12.13)

The United Nations Food Production report of 2011 is available via the United Nations website. It is very clear: the United States ethanol program is causing mass world starvation particularly in third world nations and creating possible severe long term consequences such as "dustbowl" conditions. The United Nations Report indicts the United States ethanol program for the global death of children and adults due to increasing food prices, destabilization of food supply chains, and the resulting political upheaval that leads to conditions of War, which then kills untold numbers of additional human beings. I assert: the Courts and Government were manipulated by attorney and others to allow it and was sold via their media control with catastrophic near-and-long-term effects.

In the Course of my reporting per the Law: Dodd-Frank and Sarbanes-Oxley, I determined seeming fact based upon contracts then-internet accessible that warrant immediate Remanding and Action as Motioned. The contracts indicated what appeared to be above-market rate financing of the Ethanol Program by **Wells Fargo** with related party contracts based upon Affiliation. My research indicated companies with names: Kinery and Pacific Ethanol were among those involved. The implications are so vast it requires me to report to the Court for immediate investigation, prosecution, and remediation of all people and companies involved. **It appears attorney were used to institute the program into State Laws, thus requiring use of agricultural capacity to fuel automobiles as a legal requirement above the food needs of Citizens and all human beings.**

I assert that if the Court and investigatory agencies review that matter, it will show immense profiteering of related party interests at the expense of the American taxpayer and the entire human race now and in the future who are or will be affected by United States ethanol program. It is for the above reasons and many others expressed by experts in the subject, such as the United Nations that the above Motions must be immediately acted upon to halt **Wells Fargo financing of Mass Child and Family Death** as noted. In 2011 reporting timeframe tax subsidy funding was used. It appears to have profited special interests at the expense of the food supply of the entire Human Race, worst case consequences being the extinction of all life on earth via resulting War at any time.

Dear Ms. Lively:

I appreciated the opportunity to meet you in person. Now you know me. I am cut from a very old-fashioned cloth. My family background is rather unique.

Ms. Lively, I speak the truth when I tell you I was tortured beyond belief over this. They did not understand. My intelligence was insulted in the worst way. During my process I provided a vast amount of operational input. That knowledge was stolen and used. What I am telling you about the 'ethnic cleansing'. It happened. It is worse than I communicated. The whole situation was much worse than I communicated. I had to endure it. I write and speak the truth.

They jailed me based on false police reports. That is what the record will reflect. You met me. Jail holding is Hell on earth. Find a police officer to tell you what happens to people in jail holding. I was taken from my home in chains and no shoes. I was on a concrete floor with no shoes, a tee-shirt, and shorts. It was 60 degrees and blankets are not provided. I was told to do pushups and situps if I wanted to be warm. Ask a Police Officer about jail holding.

My very ability to work in profession was removed due to SAFE regulations. They could not comprehend I was trying to help. It could not be comprehended. Now it can.

I most respectfully submit that Company perhaps would like to consider the value in all of this. I have certain personal obligations that are important for me to meet. With no job and with no money and in Federal process I can get my spousal support eliminated. She does not need the money. She has so much money because I gave her most everything. Still I want to provide.

What I endured is too embarrassing to the Company to ever get in front of a Court. I am begging of you as one human to another: I am in need of a reasonable but fairly generous settlement for Services Rendered. If allowed to be, the Services are very valuable.

Respectfully yours,

My grandfather, Andrew Giles Clark was dean of Colorado State University. There is a large building named after him on the CSU campus. During WW2 he worked at a Tacoma Park MD war office where he and a small group planned the "drop strategy" that resulted in 200,000 dead in the Tokyo Firebombing. 4.26.13 Chairman Stumpf & EVP Modjtaba. Never before have you been presented with such a complete opportunity. Once you understand it and allow me to show you how to use it....It will immediately raise the stock price 30% within two weeks of 'slow leaking' and then YOUR announcement of YOUR Eugene Blair Project. (he was an early Driver ☺) I have many simple, immediately actionable concepts to ensure Wells Fargo endures into the next generation. It should cause massive PR and renewed respect of Wells Fargo and immense, historic respect for you two as leaders. I am low-level. My job is to produce for my Leaders without recognition but with fair compensation. You will see from Day 1 in April 2011 this was a Stagecoach Project to save Wells Fargo et al. We should now discuss it. It is rather simple. Please come to Eugene OR to settle this mess. We can plainly talk as humans with no fear, only humanity and my utmost respect for your positions. Thank you for your consideration. I must also add that I am in human need at this time, hence settlement.

Ogletree Deakins/Wells Fargo HR systematically and mockingly stole knowledge from me, gave it to others who appear to have benefited by its use. In context of "burning the Jew", jailing, suing, and taking away his Family and Free Owned Home (legal court audio clearly linking in Wells Fargo).....

Leah Lively, Ogletree Deakins Attorney are going to be Toasted. At a minimum they will be disbarred and shamed until they turn to dirt. More likely: life in prison or the death penalty. You think I am kidding? I am not. I have not heard from them on settling this...not from Wells Fargo et al either. I will wait a short time then you will Be Punished Severely. Amazing: your correspondence tells me to do things in 24 hours. Ogletree cannot even wipe their ass in 24 hours. You dirty stinking anal worms with Ebola you are all fucking shit FRIED.

Settle NOW, bitches. Don Pearson, President of Wells Fargo Bank for Oregon had no idea the Bank put me into Court. Wells Fargo Bank, N.A. did not properly authorize it, if at all. His # is 503.886.1400. I worked for Wells Fargo Home Mortgage, not in or for Wells Fargo Bank. In the Motions I submitted to Court on 8.22.2011... I made reference to "The Eugene Blair Project". In that same symbolic-but-real filed-and-sealed Motion I also asked the Judge to Proclaim Chairman Stumpf and EVP Modjtaba "Visionary Leaders". They may possibly take offense you objected to that one. ☺ ☺ ☺ At that point, I still had faith in the system as the posted District Court poignantly demonstrates <http://www.osunrise.com/courthearing1.pdf>. My opinion: Competent Ogletree Deakins personnel need to IMMEDIATELY come to Eugene Oregon to settle this with me. "IMMEDIATE" means exactly that. You drop what you are doing, line up your Errors and Omissions Insurer, and we can all make Progress. The stress of all this is killing me. Perhaps you will taste what that feels like if settlement is not immediate. Thank you, from Andy Clark, 3270 Stoney Ridge Rd. Eugene, OR 97405 541.510.3915 I am available via telephone/text or in person. That is Stagecoach, all else is Brand-x.

Don Pearson, President Wells Fargo Bank, FAX 503.886.1462

Thank you for speaking with me on the telephone. I am certain you share my shock and dismay at what Ogletree Deakins perpetrated. As Bank President, this bit of news necessitates your IMMEDIATE involvement.

Mr. Martin Ogno is Security Officer for Wells Fargo Bank as I understand it. He corrupted the Federal Bureau Investigation processes. That is clear on police audio and in the police reports. I did not work for or in the Bank. I trust you share my concern and appreciate me bringing it to your attention. Most probably he was deceived and misled by Ogletree Deakins "Attorney". I would need to apologize to Mr. Ogno if that is the case. I understand how sick, demented, threatening, and controlling Ogletree Deakins is and how they corrupt all by lying and stealing and humiliating others.

Ogletree Deakins and most attorney are fee-pretexting, fee-gouging Highwaymen of the lowest order. Eugene Blair would have dealt them both barrels from a Coach Gun, as should we. My most recent research indicates that Wells Fargo personnel mentioned in the FBI material are probably innocent Victims like you and me and perhaps the FBI should be made aware by YOU in order to Protect Wells Fargo and Company of that correction now that the Actual Criminals appear to be Known: Ogletree Deakins Employment Law. Leah Lively and her cohorts. Let us make an example of them using Tar and Feathers first followed by hanging or firing squad...or at least disbarment and imprisonment...or at least make them fix it superfast.

I am now of the conclusion every last bit of 'our problem' from day 1 was entirely caused by Ogletree Deakins. The FBI has the below report. I pre-parked the mortgage detail with FBI in person while employed. It is all posted on the CaseSites: www.osunrise.com backed up on www.risepatriot.com. Here is the 4.6.13 FBI re-filing and a related Court Motion. <http://www.risepatriot.com/fbicourtmotion04062013.pdf>

My lack of healthcare and other human needs is taking its toll on me. Please contact Ogletree and advise them this needs to be Settled immediately to avoid catastrophic legal consequences to them and the Bank. They are Bank Robbers who corrupted the FBI. They robbed Wells Fargo Bank of massive fee income without cause. That is Bank Fraud. Wire Fraud. It is definitely time we made a Toasting, Flaming Example out of Ogletree Deakins et al, backed up by the full Rage and Power of Wells Fargo and Company.

Thank you, please contact me anytime in person or on phone to get this Settled but it needs to be immediate. Thank you from Andy Clark 541.510.3915

Dear Mr. Pearson: Thank you for your Strong and Immediate intervention in this matter at this time. There are many layers to what you will see is the most unique and far-reaching business project ever undertaken. It is the Ultimate Opportunity for All if immediately settled, which is the right and ethical stance in this case.

First, an artistic note. I updated my website to include Custom-Made Operation Sunrise Artwork to facilitate their public humiliation as others may see fit. The Films are described above. Please be sure all your friends, families, and all Wells Fargo workers join in laughing and teasing anyone and everyone at Ogletree Deakins. They earned it.

I worked at Wells Fargo Home Mortgage, at first for a short time in the Bank Building then we moved to the mortgage office. In the 2010-2011 timeframe, I would go to the breakroom at the Bank. I would often find older women employees crying in there, usually alone. I asked two of them at different times what was making them sad. They told me it all started around 2005. Before that, Wells Fargo Bank had knowledgeable local branch managers such as Randy Snyder. For years they met weekly outside of work. Then suddenly....that all changed and they had know-nothing lazy intermediaries emplaced such as Kyle Banks (name correct to recollection). His duty was to sleepily show up and hassle people, including employees parking under the building for a moment between sales calls.

The Banking Operation was thread-bare. The bottom line was charged with all sorts of silly sales quotas. They had no time to ever actually TALK and RELATE to customers. And they all said the same thing: "It was not this way before...it changed". Their systems were slow, embarrassing, and archaic. I imagine when you get shown a system function it appears more orderly than the mess it was at that time.

Consider the situation of a co-worker of mine in that timeframe. He had signed up for Wells Fargo 'savings' transfer from checking. We were commissioned mortgage reps. I am sure you hear all the time about slow loan closings (then and maybe still) and his did not close. That resulted in the funds not being there to transfer and he was charged \$15. He spent one full day working it out. It involved the bank manager. As an employee of the larger entity Wells Fargo, he found it shocking and very poor, illogical business practice.

Meanwhile...in the same timeframe... a disheveled man presented the Teller with a bank robbery note, said to be demanding \$15. I am not kidding, that is the rumor and it is independent of the other \$15 matter. The bank was closed, downtown was cordoned off by police. Then I learned what Wells Fargo India Solution was REALLY doing. I reported it via cellphone to Avid Modjtabei personally. They rolled her and derisked India Operations 7.7.11 per google-able Reuters News. I literally did report to CIA via the Hyderabad Consulate.

On the mortgage side it was a system mess so involved, so detailed it would take me about half a day to communicate the problem and the risk. Much is posted online. Customers would call in abject panic about the same basic matters but nobody locally had knowledge, time, or motivation to solve the complex problems on the spot. That of course caused all the horrific court cases all over the nation all the time. I kept trying to explain: it is not as complex as you make it. The operational input I provided was exhaustive. It was stolen as I was being burned. They joyfully...with malice...committed

abject crimes against humanity as you must by now sense. This is far above damages. It is far above criminality. We are talking massive, systematic Crimes Against Humanity: mental health profiling. Stealing knowledge. Creating realities using Catholic workers. Manufacture of crime. Corporate Kidnapping. Ogletree Deakins attorney are mean Faggots.

They use time-tested "Child Rape Concealment Tactics".... Make it so insane nobody can believe it so the kid and employee alike have to accept constant mind-body rape. Once you see it for what it is, you will want them put to death. It is that bad: what they do and coordinated for the "Bank" should subject them to the Death Penalty. It is such a novel, horrific crime that is appropriate. They more than deserve (require) special Tribunals for National Security such as applied at Guantanamo Bay, Cuba to lessor evil than Ogletree Deakins. That allows speedy execution of the Perpetrators of Holocaust (Leah Lively and her cohorts). It allows them to be Hanged by the Neck Until Dead as we laugh but I think an Electric Chair would make better Youtube Art.

You see all that low-grade smut I produced to make Leah Lively the Ogletree Cal Poly Bed and Brothel Law School Graduate feel useful when in fact she is a washed-up Harlot with Ebola? That is a small amount compared to the actionable operational input provided. It was groundbreaking, concepts such as "Consumer Directed Debt Parsing to Maximize Transactions".... It gets down to the derivative activity and concepts such as 'dark pooling' and transaction number and variety being necessary to make the "Monte Carlo" math models work. That sounds complex but it is simple. Leah Lively considered all that 'crazy' because she personally is an abomination. Are you aware she publically opposed Christmas Lights on the Portland Bridge in 2006 and wanted the money to be spent on police? Her hubby happens to be a sheriff up there of some type, she is a depressive, self-serving useless harlot with Legal AIDS.

I presented specific but rather unusual concepts regarding "lactation in the workplace". Oddly: I found similar content posted on the Ogletree website about a month after that. There IS an organized method in Des Moines HR to extract knowledge from employees being "processed". It is common knowledge. There are many HR consultants who say the exact same thing and the system forensics would of course prove it.

The problems I surfaced in the overall operation at that time were catastrophic. I am certain my work saved Wells Fargo and Company, which is why I called it the Eugene Blair Project back in April 2011 when it started. That is on company email to Timothy Grachala, who at the time was Mark Oman's Head Strategist. It went all the way to China with HSBC and an obscure entity called Shanghai Commercial. I researched it using contract and resume analysis as one example. You see what systems they bought via their job postings....it is simple in some sense, complex in another. We can talk about it whenever you want. It was all FBI, DOL, SEC, and CIA parked. Hear Ogno calling that 'Crazy'. Stupidity is Sad.

Then Martin Ogno massively lies about me to the police and causes me to be kidnapped by a SWAT/Police force that included two SUV, two squad cars, canine assist. Hear how Martin Ogno and Securitas set it all up...no doubt totally confused and threatened by the Satanic, Sick, Seething, forces of Caligula: Leah Lively and her cohorts at Ogletree Deakins law. Their abject stupidity will go down in history as a sad, pathetic joke that it clearly has been shown to be.

Ok, then they turn me over to the idiot security and attorney personnel. They did everything they could to humiliate me and hurt me. They did affect the family court. It was done via an attorney named "Gerry Gaydos". They did MASSIVELY corrupt District Court as I think I proved most embarrassingly to them with the recently-released denied Motions of 8.22.11. Symbolic motions but.... astounding in context. Mr.. Pearson, no corporation in world history has been presented with a situation this involved. As noted: my background is exceptional and unique. I saw how stupid they were being so I made sure to leave everyone an "out".... The Eugene Blair Project as Motioned in Court 8.22.11 (posted on casesite on top, take a look). But we must hurry because this is making me suffer a lot and if I have to sue you folks it will be Insane. Thank you from Andy Clark 3270 Stoney Ridge Rd. Attorney- Forensics: Your New Reality. Everything you say or do is Subject to Review 'in total'. Reform NOW.

Employee systematically set up for kidnapping from home to terrorize for mandatory FBI evidence parking while employed. It is classic 'mob style' kidnapping, caught on police camera. You are an expert at legal process manipulation. You know less than nothing about the law as a result of your lifetime of obstructing it. Your entire profession cannot walk a straight line for 50 feet without bending it with infinite "case law" until it loops back on itself. That is NOT Dodd-Frank. Then a massive SLAPP- suit. Wells Fargo Bank sued me but was not aware of it. I worked in the Wells Fargo Mortgage Company. I think Attorney REALLY screwed up.

Your firm had "proximate cause" to all of it from a liability standpoint. Criminal involvement may be apparent once other systems are checked or when someone finally 'confesses'....there is almost zero doubt the ghastly business in the family court (Guardian Removal) was related. You should go listen to those two boring audio on www.youtube.com/user/fightfeces. You must understand that is all it takes to remove a child from a mother or inflict any other form of family breakup. And each time, Attorney Gerry "Genocide" Gaydos pretends to be another child or retarded person and whatever he wants happens... and he gets paid along with a bunch of others in the Industrial Legal Process that is Holocaust per Nuremberg. They have all sorts of "Court Appointees" who not only steal and rape...they get to Seal all the legal records. Sealing of Records is endemic. That is 'in total'. Again, it is better to Settle than Litigate. Once put into Court it gets publicity that will not do your Client, your Firm, or yourself any good. Again: I have CPA credential and a SAFE Registration that required a lifetime background check. The RELS/SAFE interface reported to FBI is labor racketeering on top of all else.

All attorney involved in this matter acted illegally and due to my Agency filing there is absolutely no exit and no escape for what Ogletree/Wells Fargo perpetrated unless we Work Together for Progress. You may not have been aware of all the rest. It will be determined if necessary. Nothing can be hidden. I have been carefully investigated already and they found nothing. You and yours are not so Pure and you did not Present Yourselves to the Alter that is the FBI as I did. In person. Sworn. While employed. Per Law and Policy.

That is why I again reach out for Settlement Discussions that ideally include meaningful discussion of the OPERATIONAL INPUT and OPPORTUNITY to your CLIENT, Wells Fargo and Company. Ms. Leah Lively, Attorney Ogletree Deakins

Dear Ms. Lively:

Recent input points in a different direction as to how this entire matter was inflamed into the use of armed security workers from Wells Fargo Bank, NA (the entity that filed the District Court SLAPP-suit).

The simplest solution is usually the correct one. At this time, it appears that you personally manipulated Wells Fargo Bank security worker Martin Ogno. The email used for first police visit to my home 7.18.11 was most likely provided to Ogno by your office along with the mental health profiling and he then transmitted it to Eugene Police after duly hyping it up. Knowing that one, single detail allows me to correctly litigate damage recovery from the involved parties. Please, within 1 hour of receiving this, contact me via telephone and explain how email content got to Eugene SWAT and what was told to Ogno to relay a mental health diagnosis to police.

There is no other logical explanation for Eugene West Side SWAT/Police having email content sent to a designated "Human Resources" employee in Minneapolis MN. As is typical in criminal situations, the perpetrator (you) involves others such as Ogno. Then they feel forced to circle the wagons around the crime, feeling they are implicated and thus have no choice and dig themselves deeper with every shovel of crap.

I am trying very hard to see how your actions are not bank robbery. You extracted a lot of money from the Bank in legal billings, including that bizarre 12.21.11 hearing over fax material unrelated to Plaintiff charges. You perpetrated that by spreading fear and lies and involving armed security workers. Nobody wants to think of a really good looking woman as a Felon subject to Life in Prison or the Death Penalty but that is your new reality.

In context of all, you will see this eventually: the crux of Ogletree Deakins/Wells Fargo Guilt is in the simple one page of police reports where Ogno is quoted by City of Eugene police as having been in contact with the FBI and making the statement "they did not take my filings seriously". The written and a/v police material is astounding when looked at in total instead of the tiny parts into which you obfuscate. That obfuscation is part of the legal definition of Racketeering as charged.

That is why this needs to be settled Right This Instant by Ogletree Deakins to Protect Wells Fargo and Company going forward. The alternatives are not favorable but are necessary due to my Ignored Human Needs. You battered and stole information from your Victim (me). The systematic theft of knowledge is emerging. Ms. Leah Lively, Attorney Ogletree Deakins

Dear Ms. Lively:

The most significant aspect that will emerge if not settled is the influence upon the Guardian Removal, hearing posted on www.youtube.com/user/fightfeces or via my various CaseSites.

My ex-wife is affected with Fragile X as the female carrier that results in low iq male offspring. That was exhaustively diagnosed. They were involved in early Kennedy Institute studies in the early 1990's when we were living in Washington DC area.

You can do all the research you want. Point being this: in other court hearings posted below that, she testified she had no idea of the legal fees being charged. She testified she did not know what happened to \$200,000 of money from a property sale. That hearing was AFTER the Guardian Removal hearing. She, as I understand from close third party, was advised it was necessary at that time. You can hear she had no valid reason. You can hear that all I wanted was a clear explanation and was denied even that.

Again; the speed and ferocity with which it was pursued strongly indicates involvement of you or associates via attorney Gerry Gaydos. One solution set is that Judge Hogan communicated with the local Bar Association members informally. Another solution set is that YOU leveraged YOUR significant involvement and affiliations in the 'family court legal crushing of families to feed foster care' business.

The simplest solution is usually correct. If you did that, it is my opinion that Specific act of Genocide for economic/political reasons tied into the Kidnapping, Concealment, and the arguably-treasonous violation of Dodd Frank/SOX in context with my Wells Fargo India Solutions reporting is what propels this matter into something so criminal, so novel, that it will require application of the Death Penalty on a Liberal Basis. Again, that is my personal opinion well-rooted in Criminal Law. Your criminality is Novel and Immense.

That is why this needs to be settled Right This Instant by Ogletree Deakins to Protect Wells Fargo and Company going forward. The alternatives are not favorable but are necessary due to my Ignored Human Needs. That "aggravates" the criminality. Thank you very much. URGENT UPDATE LEAH LIVELY / OGLETREE DEAKINS

Great news! SEC via Mary Jo White's actions within the last few days has continued the ability of big banks to 'buy' their way out of civil lawsuits.

Please notice the Defendant Motions your firm Denied and possibly Sealed, posted at: <http://www.risepatriot.com/TROJANPONY1.pdf> .

That is a short one page letter I wrote to you on day of Hearing along with the Motions filed and alluded to in the Court Transcripts. The three pages that follow are the motions.

There has been no oral testimony to Facts so I believe it makes complete sense to work within the Constructs of Defendant's Motions of 8.22.11. In particular, numbers 8 – 11 are simply matters best agreed with.

Honestly: at that point I did not hate and loathe you, I felt sorry for you as I still do. ☺ I was trying to let you know how incredibly stupid and overbearing you were being by mimicking you just right. At that time I had no idea you might have set up all of it up without Wells Fargo Bank permission how funny. If you were the mastermind of it all, I will have to Cede to You in the Intelligence Area. My hat is tipped to you if that be the case. Well Played. Ok, Ok.... if that happened and you set it all up...then I am in AWE, it is OK, we can be friends and laugh and use it to make progress, once settled.

Otherwise.....the time has come for the actual War I long referred to. War is in Court, not on internet. Anything online is a ruse to be ignored as indicated in my brilliant motions of 8.22.11. Except possibly my recent Vampire Video which was a Grave Yard Hit... over 12,000 views in just a couple days. It is on sites or on youtube channel RisePatriot. It can be "our song". <3 4 u Thanks from Andy Clark

Wells Fargo and Company: Wells Fargo and Company individual agents and/or employees did me very wrong. The most involved, such as Ogletree Deakins Attorney Leah Lively or Wells Fargo Bank Security Guard Martin Ogno caused the police and SLAPP action against me. Many others helped or they sat idly by, thinking that level of destruction of a human being is acceptable or that it was someone else's job to diffuse. I must do all possible to legally "destroy" all those individuals, exactly as they did to me or abetted via inaction. I have no option and in fact have the obligation to return in spades what Oppressors deal out...until a victim's last breath. As I have written and said hundreds of times during the corporate/community anti-Semitic profiling and cleansing.... Never Again. This Jew will not go quietly. I will scream loudly, clearly, daily...and I will make sure to bring as many of my oppressors with me to the same legal graveyard of ghettoization and defaming...endless lawsuits against you and your companies and massive negative publicity. Endless 'smearing'. Once the incredible truth of what was perpetrated against me is in the Courts, there will be no more Ogletree Deakins, no more Wells Fargo. The innocent-but-rich executives will be "perp-walked and then sent to prison. All of America will laugh and party watching them being marched off in handcuffs...just as I was for doing my job. I am sorry to think like that but you provide no options to me other than War, which you will feel, too. Thank you for understanding.

Report to the United States Securities and Exchange Commission
Reporter: Andrew (Andy) Clark 3270 Stoney Ridge Rd. Eugene OR 97405 541.510.3915
Released Wells Fargo Home Mortgage Employee, Eugene Oregon.
Reported: Wells Fargo Home Mortgage, Wells Fargo Bank, Wells Fargo and Company et al
SEC Case Number Originally assigned: 01640244

The above case number was assigned based on summary reports two years ago. This is a complete report filed under that number. Please re-number it if necessary. It is unlikely the SEC and other Agencies this report is provided to will have ever seen such a complete investigation, backup up with official, posted police audio and reports: www.riseupatpatriot.com backed up on www.osunrise.com and also filed with District Court in Eugene Oregon. Parts of the report may seem exaggerated. I exaggerate nothing. Reality is worse than portrayed. If you doubt that, please contact me so I may explain it to you.

I was the lowest level worker at Wells Fargo Home Mortgage for two of my destroyed 30 year career. My base wage was \$12. I was a SAFE Registered Mortgage Originator subject to then-new mandates of:

1. Dodd-Frank
2. Sarbanes-Oxley
3. SAFE Act
4. Wells Fargo and Company Policy

Wells Fargo Home Mortgage and by extension, Wells Fargo et al lack functional internal reporting mechanisms in violation of all the above legislation. Worse: Wells Fargo et al uses internal reporting to conceal and to extract knowledge from employees who they deconstruct in their Des Moines "Human Resource" processing center.

I witnessed and was forced to participate in local sales system fraud. I was forced to sell a knowingly higher interest rate after the 4.5.11 technical Dodd-Frank changes that made mortgage comparisons absolute. I carefully documented it internally and due to intense...insane...retaliation I "evidence parked" with local Federal Bureau-Investigation (FBI) in accordance with Wells Fargo and Company policy and Law.

This introduction page is followed by my presentation of expected "Whistleblower" compensation. That is followed by four pages that summarize events. Then comes high-level findings based upon detailed first hand evidence uncovered by my Dodd-Frank employee investigation.

It is from the Front Lines... the bottom level at Wells Fargo Home Mortgage. \$12 per hour. High School Education required but no more. What they did to me took away all I had or will ever have. It must be compensated and corrected quickly because what they did to me is lethal. Total unemployment ability and massive local defaming by Wells Fargo et al is their Dodd-Frank Response. Never Again. Make them pay.

Thank you from Andrew (Andy) Clark 3270 Stoney Ridge Road Eugene OR 97405 541.510.3915. Please contact me anytime, day or night if there are questions. Telephone/text/in-person contact must precede virtual communication (letters or email).
